

Information Sheet

Exit Tag

Exit Tag is a uniquely designed graffiti remover which can be used on hard surfaces including brick, wood, stone, glass and metals such as steel and aluminium.

Exit Tag reacts very quickly and can usually remove graffiti off painted surfaces with out causing undue damage to the existing paintwork. **Exit Tag** does not contain any harsh acids associated with some graffiti removers, removing the graffiti with minimum risk to the operator.

Benefits:

- Low odour - no unpleasant fumes
- Multi Purpose - works on all surfaces
- Rapid Acting - works in less than 3 minutes
- Free Rinsing - only requires high pressure rinse
- Contains user-friendly nonhazardous solvents - less protective clothing needed

Directions for use:

Apply **Exit Tag** to a dry surface via brush, broom or rag, leave for 2-3 minutes of contact time and then rinse off with high pressure water spray. If removing graffiti off painted surfaces, do not leave product on surface for more than 5 minutes to avoid damage to surface paint.
